

LONE STAR WELDING PRO

Welding · Structural Steel · Concrete · General Construction

Capability Statement · Austin, Texas & surrounding 50-mile area

ABOUT THE COMPANY

Lone Star Welding PRO (KamGri LLC) is an Austin-based contractor specializing in welding and structural steel, with full-service capabilities across concrete, general construction, building finishes, and grounds work. Backed by years of combined hands-on experience, the company has completed a wide range of residential and commercial projects throughout the Austin metro area, delivering fabrication and installation work to a high standard of quality and reliability.

CORE COMPETENCIES

- Welding & structural steel fabrication
- Metal railings, fences, gates & bollards
- Steel stairs, frames & load-bearing structures
- Glass, glazing & window/door installation
- Site preparation, grading & demolition
- Building maintenance, repair & remodeling
- Concrete: foundations, slabs, driveways
- Masonry, stucco & exterior coatings
- Drywall, painting, flooring & tile
- Carpentry, framing & finish work
- Landscaping & grounds maintenance
- Athletic field & park-area improvements

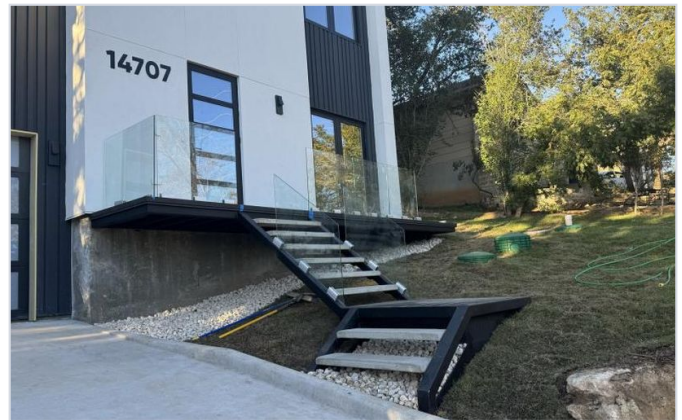

WHY LONE STAR WELDING PRO

- **\$1,000,000 General Liability** insurance — meets City of Austin contract requirements.
- **Registered Vendor** with the City of Austin (Austin Finance Online).
- Fast, accurate quotes and dependable on-site response.
- Single source for steel, concrete, finishes & grounds — fewer subcontractors to manage.
- Local Austin-based crew, available across the surrounding 50-mile area.

PAST PERFORMANCE

Structural steel framing — custom residential build

Steel exterior stairs, glass railing & concrete steps
